Year 1 – Autumn 2– Homework Grid

Choose one of these things to do once a week as your homework. You can bring in any work completed to share during the week

 **Make a fact file about your favourite season.** What months fall into this season? Does anything special happen in it? Can you find out any interesting facts about it?	 **Complete a Weather Diary.** Can you watch the weather all week and keep a diary of what is happening? Once you have completed your Weather Diary (see attached) then bring it in to share and compare it with others	**Magic Rain cloud -** If you could have a cloud that rained whatever you wanted, what would it rain? Draw or paint a picture of your magic cloud and write about what it would rain down! 
Snakes and Ladders Can you challenge a friend to a game of Common Exception Word Snakes and Ladders? 	**"How do the seasons change?"** 	**Nature Number Sentences** Can you complete some addition and subtraction number sentences? Can you use what you find on an Autumn or Winter walk? For example  +  = 7
Create a collage picture of an Autumn or Winter day. You could use different types of paper, materials, paint or crayons. 	**Autumn/Winter Walk**  Go for a walk around where you live. Can you create a list of all the things you can see that show us that it is Autumn/Winter? Can you draw pictures to go with your list?	**Observing Changes in Day Length** Observe how the day length changes over the next few weeks. You can do this by noticing whether it is dark when you walk home from school, when you go home from after-school clubs, and when you have your tea. You can also record what time the sun rises in the morning and what time it gets dark at night.

These are suggested ideas. If you or your child has a different idea, have a go! Most importantly, have fun.

Remember your spellings, reading and Numbots.
