

How to use SeeSaw on a desktop/ laptop

1. Go to <https://web.seesaw.me/>
2. Use your password which we sent to you to login by clicking 'I'm a student'
3. Follow the following steps to upload work

Desktop:

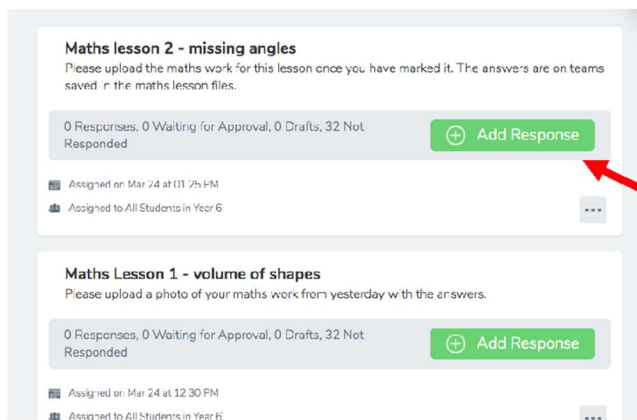

This is where you will see your learning journal

This is where you can get back to your learning journal

This is where you will find assignments set – click here to get to assignments.

Any messages will come up here.

Once you have clicked on activities you will get to this page. Click add response.

Maths lesson 2 - missing angles
[View Instructions](#)

Take a photo of your work and upload it to here. The easiest way to upload.

Photo

Drawing

Video

You can draw/show workings here – you probably won't need this one.

If you have made a PP or word document on the computer you can upload it here

Maths lesson 2 - missing angles
